
GreenBuzz Excursion, 8-9 July 2017
UNESCO World Cultural Heritage
Aletsch Glacier, Valais, Switzerland

Let's visit the Aletsch Glacier!

Welcome to our hiking tour and excursion in the Aletsch region! We will be led by Dr. David Volken, Natural Scientist ETHZ (Swiss Federal Institute of Technology Zurich) and glaciologist, who will guide us on both days through the Aletsch. Come with us to explore the effects of climate change in an area where its impact is sadly all too visible today. Hiking alongside the glacier is an unforgettable experience! We will stay the night at the Haus Lusa (all underlined phrases link to external webpages) in Bettmeralp. On the second day we will descend to the glacier to learn more about it.
